

OH DEAR

Do you know, am I allowed
To have such feeling high above it all
I can't ask God
I can't ask them
So I'm asking you
My beloved friend

Well, I've got a problem
And I don't know what to do
I used to love one
Now I love two
Together they make my life complete
I wish we all could buy a house
And enjoy the peace

I love the boys, and I think they love me
Do do do do do do.....

If I can love one
I can love two
Then I can love ten
And then again
It might be a mess in the end

I can't help wondering how it all could be
The three of us making love, you see
Us walking down the street in harmony
Might be too much for our society

So what can I do
How should I behave
When love overflows
You just have to stay brave
Again and again I do the same
I feel kind of guilty but I'm not ashamed

I love the boys, and I think they love me
Do do do do do do.....
If I can love one
I can love two
Then I can love ten
And then again It might be a mess in the end
